UL Listed Extendable TV Wall Mount for up to 105inch 176lb (80kg) Display, Easy Rear Access, Laterally Adjustable Bracket Supports up to VESA 1000x600

Product ID: 10ULE-TV-WALL-MOUNT

UL listed TV mount supports up to 105-inch displays and 176lb (80kg), giving you a sturdy platform with anti-theft design for meeting rooms, classrooms, and digital signage that need a strong, stable wall bracket. Keep the TV close to the wall at a 2.1in (5.3cm) profile or extend up to 6.8in (17.2cm) to match your setup.

This TV mount is tested and certified by UL Solutions to UL 2442 and complies with a 4x weight safety factor over its rated load, providing assurance for commercial and public-space installations

The extendable arms create ample working room behind the TV, providing easy access to AV, power, and network connections for cable installation and reconfiguration. Integrated quick-release cords allow the display to be removed and reinstalled quickly for servicing when needed.

Use the side-to-side sliding design to help center the display on wood stud, concrete, or brick walls. VESA compatibility from 200x200 to 1000x600mm helps standardize installs across a wide range of TVs.

Fine-tune the viewing angle with tilt from +10 to -15 and swivel from +10 to -10 to improve visibility across the room.

Certifications, Reports and Compatibility

Applications

Features

• Securely Mount Large, Heavy Displays: This UL listed TV mount supports up to 105-inch displays and 176lb (80kg), giving you a sturdy platform with anti-theft design for meeting rooms, classrooms, and digital signage

• Mount with Confidence: This TV mount is tested and certified by UL Solutions to UL 2442 and complies with a 4x weight safety factor over its rated load, providing assurance for commercial and public-space installations

• Easy Service Access: Extendable arms reach up to 6.8in (17.2cm), creating ample space for rear TV access and cable management; Integrated quick-release cords make it easy to remove and reinstall the display for servicing and maintenance

• Center the TV on Any Wall Type: Use the side-to-side sliding design to center the TV on wood stud, concrete, or brick walls, while VESA compatibility from 200x200 to 1000x600 enables supports for a wide range of displays

• Adjust the Screen for Better Viewing: Adjustable TV bracket lets you fine-tune positioning with tilt from +10 to -15 and swivel from +10 to -10 for better visibility across the room
